

## Standard of Practice: Denturism Educators

### Stakeholder Consultation

September 21, 2018

Dear Stakeholder,

At its September 14<sup>th</sup>, 2018 meeting, the Council of the College of Denturists of Ontario approved a draft of the Standard of Practice: Denturism Educators for stakeholder consultation.

#### Background

The College does not currently articulate requirements or Standards for Registered Denturists employed as denturism educators. That there are no articulated Standards for denturism educators may be surprising given that a denturist who teaches denturism for at least 12 months in the preceding 3-year period is deemed to have met the currency requirements for a Certificate of Registration.

In the absence of such formal documentation, Panel B of the Quality Assurance Committee developed a Standard of Practice that communicates the expectations that are intended to ensure that denturism educators:

- a) provide an environment that facilitates learning,
- b) utilize effective teaching strategies, and
- c) incorporate the expectations articulated in the College's Standards of Practice in their curricula.

#### Consultation

As part of the stakeholder consultation, this email is being sent to you requesting your feedback and comments.

- [Standard of Practice: Denturism Educators](#)
- [Guide to the Standard of Practice: Denturism Educators](#)

The Standard contains only the essential expectations and the Guide provides information that will assist individuals with interpreting and meeting the expectations that are articulated in the Standard.

Please take a few minutes to review the draft Standard and accompanying Guide. Once you have reviewed the documentation, you may complete the short survey if you wish to provide comments, feedback or have questions. Standard setting benefits from the input of all stakeholders and the College Council thanks you in advance for your contribution.

Your feedback is requested on or before **Monday November 19<sup>th</sup>, 2018.**
