

MCQ Blueprint

The contents of the Multiple Choice Question (MCQ) Examination are grounded in the *National Competency Profile for Denturism Practice, 2020*. The test Blueprint lays out the distribution of the content on the exam with respect to the competencies identified in the National Competency Profile. Careful review of both documents is essential ahead of any attempt at the exam.

Blueprint

The MCQ component of the Qualifying Examination reflects those competencies in content and importance, and are as follows:

Multiple Choice Question (MCQ) – 220 Questions	
Competency Area	Percent of Questions
Jurisprudence, Ethics and Professional Responsibilities	16%
Patient-Centered Clinical Practice	42%
Records Management	8%
Laboratory Procedures	25%
Business Management	9%
TOTAL	100%

Approved by the Board of Directors – December 13, 2024
