National Competency Profile for Denturism Practice, 2020

National Competency Profile –
Canada

Denturists

May 2020

Competency Area 2: Patient-Centred Clinical Practice

Competency		Performance Indicators	
2.1	Performs and manages clinical procedures competently and safely.	2.1.1	Identifies the foundational knowledge, skills and judgement that are required to meet the patient's denturism needs.
		2.1.2	Determines whether the proposed clinical procedure is within the legislated denturism scope of practice.
		2.1.3	Identifies the personal knowledge, skills and judgement required to perform a procedure.
		2.1.4	Consults with other professionals, as needed, to confirm treatment direction.
		2.1.5	Understands how physical and psychosocial factors may affect the provision of denturism services and treatment outcomes.
		2.1.6	Understands how assessment results may affect the treatment plan and expected outcomes.
		2.1.7	Determines and manages the risk of undesirable outcomes associated with a clinical procedure.
		2.1.8	Incorporates knowledge and assessment of relative contraindications for specific materials and patient limitations into proposed treatment plans.
		2.1.9	Applies foundational knowledge and follows up-to-date, evidence-informed practice to produce accurate, functional results.
		2.1.10	Knows when denturism services may be discontinued and discontinues treatment appropriately.
2.2	Determines the appropriateness of a requested service.	2.2.1	Demonstrates knowledge of requested services.
		2.2.2	Understands the indications for a requested service.
		2.2.3	Discusses expected short- and long-term outcomes of the treatment with the patient and the referral source.

MCQ Examination

Wednesday, June 11, 2025

AM Session	LUNCH	PM Session
3 hours (110 questions)	30 minutes	3 hours (110 questions)
Registration begins at: BLOCK 1: 11:00 am EST BLOCK 1 (Accommodation Candidates): 11:00 am EST BLOCK 2: 11:30 am EST		Registration begins at: BLOCK 1: 3:00 pm EST BLOCK 1 (Accommodation Candidates): Between 3:00 pm – 4:30 pm EST BLOCK 2: 3:30 pm EST

Before the Exam

- Download, install, and test the WebLock Secure Browser on your computer
- Download “Google Meets” on your smart phone
- Test your connection on MonitorEDU’s website
- You will receive an email from MonitorEDU within the 48 hours before your exam date which includes a meeting link
- Make sure your planned test area is clean, and in a quiet room
- Create door signs to let any friends or family know about the high-stakes exam; prepare a lunch in advance

Day of the Exam

- You are allowed:
 - One (1) piece of blank paper for notes
 - Pen/pencil and eraser
 - Clear water bottle (with any labels removed) containing clear liquids only
- Have government-issued **photo ID** ready
- Turn off remote access to your computers
- At your assigned registration time, click on the exam link found in the email from MonitorEDU
- You will be connected directly with an exam proctor

REVIEW

NEXT >>

Determining the Pass Score

- Determined by practicing denturists utilizing the Modified Angoff Standard Setting Method, the most widely used method in North America
- Determined independently of candidate performance
- Using this method, it is possible that all candidates can be successful

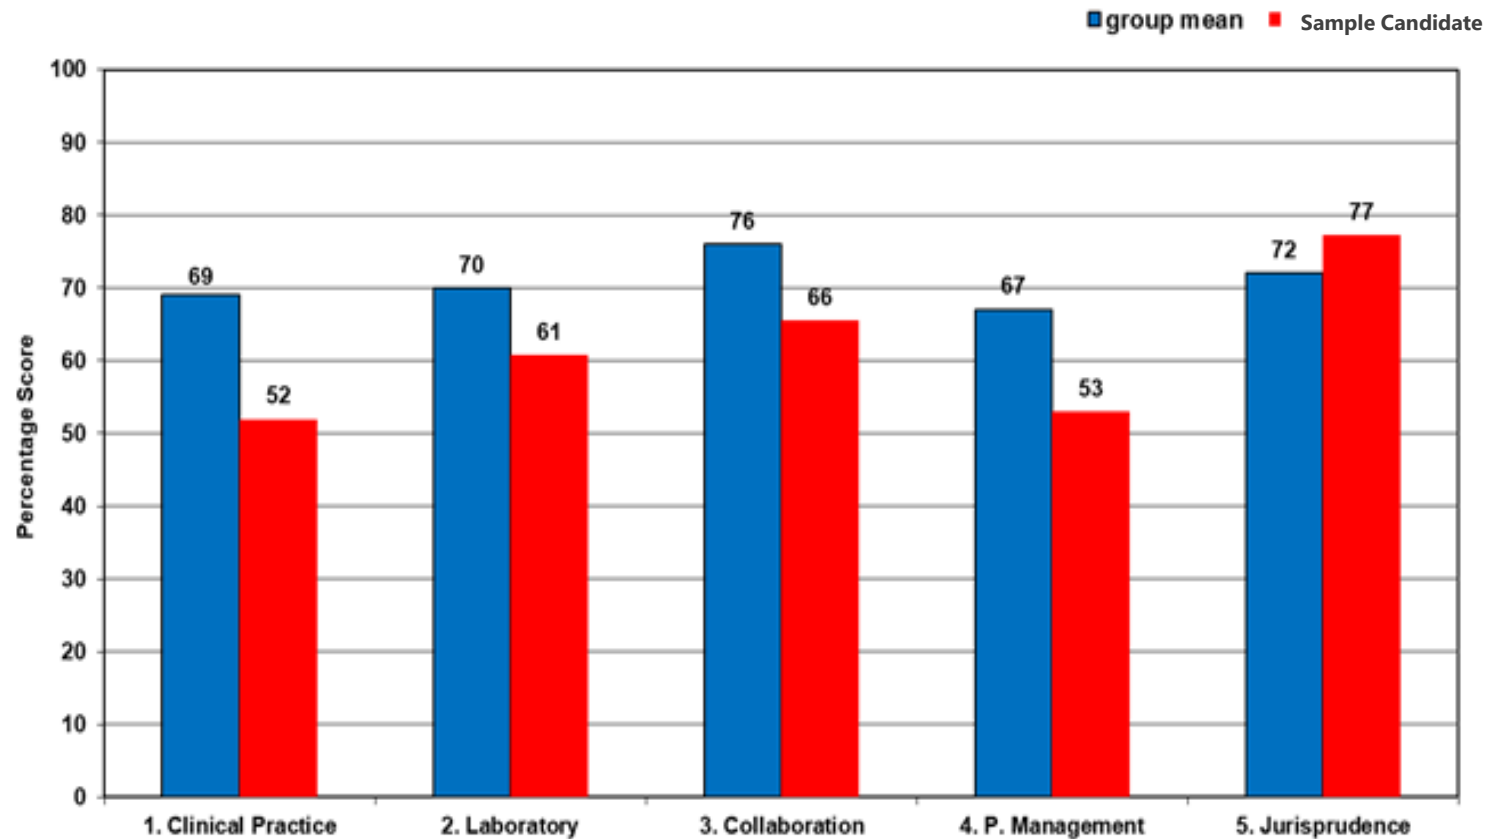

Fairness & Validity of Scores

- Following the examination, all items are reviewed to ensure that they have functioned in the anticipated fashion
- Items not meeting psychometric criteria are reviewed by a subgroup of the Multijurisdictional Exam Working Group and a determination about the item's status is made
- Factors impacting candidate performance, documented in incident reports, are taken into consideration before a candidate's score is finalized

Results

- Results of the Qualifying Examination will be released approximately **6-8 weeks** after the completion of both examination components (i.e. after the OSCE)
 - You will be notified via e-mail that the results are available and how to access the results
- Performance reports will be provided for unsuccessful candidates
 - Provides an analysis of the examination competency areas and specific feedback about the unsuccessful candidate's performance in each of the five competency areas tested in the MCQ
 - If you have any questions about this report, please contact your respective College

Performance Reports

Incident Reports

- If you experience anything out of the ordinary that may have negatively affected your exam performance, **email your respective College ASAP**
 - At lunch break
 - After the exam ends
 - **Must be by end of day**

Ontario: exams@denturists-cdo.com

Alberta: drichmond@abdenturists.ca

British Columbia: vyvian.burns@oralhealthbc.ca

- You must document your incident on the day of the exam should you wish to appeal your exam result

Appeals

- No rescoring, no remarking, scores are final
- Appeals may be based on three grounds only:
 - 1) Candidate illness on examination day**
Must be supported by medical documentation by a licensed healthcare professional **within 3 business days** of the examination
 - 2) Personal emergency**
An unforeseen emergency or traumatic incident, such as the death or serious/sudden illness or injury of a close family member or close personal friend
 - 3) Procedural irregularities**
For example, fire alarms or power outages, etc.

Appeals

- Candidate must have submitted an incident report
- Appeals must be received by the College **within 15 business days** from the release of exam results
- Review your respective College's policies for more information on appeal outcomes
