

Proposed Revised Registration Regulation

Stakeholder Consultation

October 7, 2019

Background:

The Registration Regulation sets out the requirements for obtaining and maintaining registration with the College as a Registered Denturist. This Regulation supports the public interest in access to safe, competent and ethical care.

In early 2018, the College circulated a version of the draft revised Registration Regulation for stakeholder consultation. Since that time, there have been further refinements of the draft following suggestions of the Ministry of Health. These included:

- Maintaining the requirement for an applicant to hold Canadian citizenship or have authorization under the Immigration and Refugee Protection Act; and
- Removing the additional term, condition and limitation that a Registered Denturist be required to successfully complete the Jurisprudence program once every three-year cycle. Requirements regarding the Jurisprudence program will be incorporated into the Quality Assurance CPD Program requirements.

Given the significance of these changes, another 60-day stakeholder consultation is required. The suggested amendments are contained in the accompanying draft. This recent revised version was approved for stakeholder consultation at the September 6, 2019 Council meeting. The Ministry is will post the revised Registration Regulation on the Regulatory Registry for consultation concurrently with the College's consultation.

Consultation:

As part of the stakeholder consultation, this email is being sent to you requesting your feedback and comments. The following document contains the proposed amendments:

- [Proposed Amendments to the Draft Registration Regulation](#)

Please review the proposed amendments. Once you have reviewed the documentation, you may complete the short survey if you wish to provide comments, feedback or have questions. The College Council thanks you in advance for your contribution.

Your feedback is requested on or before **Friday December 6 2019**.
