

OSCE Blueprint

The contents of the Objective Structured Clinical Examination (OSCE) are grounded in the National Competency Profile for Denturism Practice, 2020. The test Blueprint lays out the distribution of the content on the exam with respect to the competencies identified in the National Competency Profile. Careful review of both documents is essential ahead of any attempt at the exam.

Blueprint

The OSCE component of the Qualifying Examination reflects those competencies in content and importance, and are as follows:

Objective Structured Clinical Examination (OSCE)	
Competency Area	Percentage Weight ($\pm$ 3%)
Jurisprudence, Ethics and Professional Responsibilities	10%
Patient-Centered Clinical Practice	50%
Records Management	0%
Laboratory Procedures	30%
Business Management	10%
TOTAL	100%
