

New Registration Year End

CDO aligns Registration Year End with Fiscal Year End (March 31)

Dear Registered Denturists,

CDO Council has approved, on recommendation from the College's Third-Party Auditors, aligning its registration year end with the fiscal year end. Practically speaking, the registration year end will move up by two weeks to align with the fiscal year end of March 31st. This will result in further operational efficiencies and greater clarity on the dates and deadlines for Denturists.

Currently:

Registration Year End (Annual renewal cycle & CPD cycle): April 14 of each year.

Fiscal Year End: March 31 of each year

New:

Registration Year End (Annual renewal cycle & CPD cycle): March 31 of each year.

Fiscal Year End: March 31 of each year

What this means for Denturists:

- There is no action required for Denturists as a result of this change at this time.
- Next year's annual renewal will now open two weeks earlier (mid-February 2024) and the deadline to renew will now be March 31, 2024.

- To assist with the transition, CDO will waive any late fees up to the previous renewal deadline of April 14 beginning in 2024.
- College Staff will be updating the website and various documentation in the coming weeks to facilitate this change. We will be reminding Denturists about this change in upcoming publications and as we head towards annual renewal which opens February 2024.
- The College conducted a 60-day [public and stakeholder consultation](#) on May 6, 2023, regarding this alignment and received feedback from Denturists.
- For in-depth information surrounding this decision, please review the Council Briefing Note [here](#).

Questions?

If you have any questions, please contact the College of Denturists of Ontario at registration@denturists-cdo.com.
