

Update: 2019-2022 CPD Cycle Requirements Reminder: 2nd Renewal Instalment Due October 30, 2020

2019-2022 Continuing Professional Development Cycle

At their October 16, 2020 meeting, the College's Quality Assurance Committee approved removing the **structured** hours requirement for the 2019-2022 CPD Cycle. This means that Registered Denturists can report any combination of structured and unstructured learning activities for the 2019-2022 cycle, including only unstructured activities, if they wish. You will still be required to complete and report a minimum of 10 credits each year by April 14th, and a total of 60 credits by the end of the cycle on April 14th, 2022. In making this decision, the Committee acknowledged that Registered Denturists have faced (and will continue to face for the immediate future) some challenges in accessing structured Continuing Professional Development hours. The Committee was also mindful of the contribution of Continuing Professional Development to the public's interest in obtaining safe, competent care and service. Unstructured learning provides the necessary flexibility for Registered Denturists to meet their Continuing Professional Development obligations during the COVID-19 Pandemic.

2nd Installment of Renewal Fees

Registered Denturists who elected to pay their 2020-2021 Certificate of Registration Renewal fees in installments are reminded that the second instalment is **due next Friday October 30th, 2020**.

- Certificate of Registration \$536.75
- Certificate of Authorization for Health Profession Corporation \$197.75

If you have not already made your 2nd installment payment, please log in to the Member Portal to make your payment before the deadline so that you avoid suspension of your Certificate of Registration and/or revocation of your Health Profession Corporation Certificate of Authorization.
