

COLLEGE OF
DENTURISTS
OF ONTARIO

COVID-19 Office Closure

In order to reduce the likelihood of community transmission of COVID-19 and to protect the College's staff members, the CDO will be temporarily shifting most of its office functions to a virtual space as of March 17, 2020. We are unsure of the duration of this shift but will communicate developments to our stakeholders as they arise.

Please note that the College cannot receive Express post, Registered mail or materials by couriers at this time. Please submit forms and applications via email or fax until further notice. Original documents may be required when the CDO staff return to the office.

If you have questions, or need to submit documents, please contact College staff by phone or email:
