Council Elects New President

2022-2023

On June 17, 2022, Council elected Ms. Lileath Claire as its President for 2022-2023. The election of a public member of Council to the position of President conveys the College's commitment to the public interest mandate of the College.

Ms. Lileath Claire brings to her role extensive leadership experience within the pharmaceutical life sciences industry. She is retired from Sanofi Pasteur where, as Director of Global Supply Chain, she facilitated the organization's corporate-wide globalization of Information Technology methods and processes supporting Supply Chain network management. A passionate advocate for the disadvantaged and homeless, she serves on two not-for-profit Boards, involved in policy governance, and research and funding. She holds a Master of Science (MSc.) in Logistics and Supply Chain Management degree from the University of Liverpool and a Bachelor of Arts (BA), Computer Science & Mathematics from York University, and a certificate in adjudication for administrative agencies, boards and tribunals from Osgoode Hall Law School at York University.

The College is very pleased to have Ms. Claire as Council President for the coming year and looks forward to a continued, productive collaboration.
